## MEETING IN PORTUGAL

Moita, 17th-23rd January 2016

**NAVY MUSEUM**

**DISCOVERIES ROOM**

You are about to visit the Navy Museum, located on the north and west wings of the Royal Monastery of Santa Maria de Belém, which you will visit this afternoon. This Museum was created due to the will of the king D. Luís and has been functioning in Belém since 1962.

It's a big museum, so will see with more detail the exhibition related to the Portuguese Discoveries.

### Entrance

As you enter the museum this is what you see: a vaulted room with the statues of some Portuguese navigators, responsible for the discovery of new worlds, along the 15<sup>th</sup> century.

In the back of the room, a map, similar to the ones made in the 16<sup>th</sup> and 17<sup>th</sup> centuries, showing the main routes of the Portuguese voyages.

### Discoveries Room (Sala dos Descobrimentos)

In here you can see some models of the boats used in the first discovery voyages.

**P4.** Find a barge (barca) and draw it.

**P5.** Find a caravel (caravela) and draw it.

**P6.** Find a ship (nau) and draw it.

Find the model of the ship "Madre de Deus", one of the biggest of those times.

**P7.** What year was it built?

---

**P8.** This ship's destiny was:

India \_\_\_\_\_

Brasil \_\_\_\_\_

Africa \_\_\_\_\_

Walk through the room until you find, on your left side, the showcase with the remains of the ship "Nossa Senhora dos Mártires". Fill in the next table with the name of three objects from three different origins.

**P9.**

Name of the object	Country of origin

Watch very carefully the showcases where we can find several nautical instruments and try to identify the ones represented bellow.
